INTRODUCTION

Recognizing that corruption is a most significant roadblock in the improved governance, development and progress of our country, the Anti-Corruption Academy-ACA of India aims to become the beacon that will guide the country and its citizens towards a culture and practice of integrity and accountability.

The need for such a constructive initiative & movement is the need of the time. As the Corruption has become a “Fashion” in today’s India therefore it is Urgent and must that the like-minded and sincere citizens, youth and institutions should combined their efforts, resources and capacity to built a society where the corrupt forces must think twice before indulging into an act of corruption. It is a gigantic task but together we can march towards the development of a better India. The ACA will produce, manage and disseminate anti-corruption knowledge, good practices and all tools necessary for the construction and effective implementation of measures and policies in a systematic and inclusive way. The ACA will engage with all stakeholders: civil society, public servants, private sector, political parties, academia, media and above all the **“Youth of Our Nation”** to tackle corruption at all levels and in all government and private sectors.

OBJECTIVE

“Youth” should be a priority not just for the nation, but they are the integral part for the development of any peaceful and happy Society. Our Objective is to work with the Youth of India to create an environment where the youth can think, discuss and take constructive steps towards the overall upliftment of their character, personality and attitude and contribute significantly for the development of the Nation.

There should be a continuous process of learning & enhancement through parenting, education, character building and to inculcate the right values, ethics, integrity & sincerity.

We believe in, that if we want to build a Nation then we need to work and build the strong foundation of its youth. ACA will have the best possible role models, teachers, experts, academicians, achievers etc who will work with youth from schools, colleges & universities and nurture them to become a beacon for the future generation of our nation. We will also work with teachers & parents and prepare them to take up the role of a model teacher, parent & guide.

Youth Leadership Training

We need leaders in today's India in every sector whether it is in education or political sector, Business & community leaders or even spiritual leaders. Leaders play an important role as they represent a particular section of the society on public platform therefore it is the duty of a credible society to work on the development of its youth and prepare them to take up the leadership role.

We will identify the right talent at the initial stage and will then work with them like an incubation program where we will focus on their overall personality development as well will work on their character and work on the values, ethics, integrity & nationalism.

AYC will work on this program with a goal that these youth should represent our country on the global platform and can present our country's in which ever sector they are working by showing the maximum potential of our nation and its youth.

National & Global Youth Summit

Healthy and Positive competition is essential to inculcate the true spirit of showcasing one's potential and that can be significant in the case of youth. Therefore AYC aims to organize Youth Summit as an yearly event where hundreds and thousands of Youth from different states and cities of India can participate in different competitions, contest, Debates etc.

This platform is open for anybody who would like to showcase his/her talent and capacity on national level and this talent shall be used by AYC to further develop these youths for a particular task and assignment which could benefit country and its fellow citizens.

After the National Summit, AYC also plans to organize Global Youth Summit wherein the talented and achievers from our country can compete with the International talent and youth and work on a spirit to give and take the best from each other.

Youth Ethics & Transparency Workshop

In India, where there is a thin line between ethical & unethical behaviour, Ethics & transparency workshop can be a boon for the youth who are taking up key positions in public and private sector.

The ACA would like to create an ethical infrastructure where ethics and transparency can be taught and followed by majority of its people. It has been observed in all over the world that the more ethical and transparent the system and its providers will be, the better productivity can be achieved with better results.

The workshop on Ethics & transparency shall include modules on transparency, compliances, integrity & sincerity, diversity & respect, information security, conflict of interests, bribery & kickbacks, anti- competitive conduct & dealing with ethical violations.
